

EX-NILES TEACHER IN COURT TODAY ON FORGERY CHARGE

Jackson Harold Sweeney, 29, who taught in the Niles Elementary School in 1945-46 under the name and using the credentials of a cousin, will appear in Centerville Justice Court today (Friday) to enter his plea to a charge of forgery on three counts.

According to police reports on the case, Sweeney obtained the college credentials of Glen Forrest Sweeney, a cousin, and used them in obtaining teaching positions. The counts of forgery allege that he signed his cousin's name to requests for credentials, an affidavit stating that Glen Forrest and Jackson Harold Sweeney were one and the same person, and pay checks received for teaching.

He appeared in court last Friday to hear the reading of the charge, and told Judge Allen G. Norris that he had been unable to obtain the services of an attorney. His request that the \$3,000 bail be reduced was refused by Judge Norris and he continues to be held in custody.

The ruse was discovered early in the school year of 1946, and according to E. Dixon Bristow, district superintendent of schools and principal of the Niles Elementary School, the teacher admitted the entire scheme and was released from the staff. However, the ruse was not made public until the charges were filed last week by Bristow.

PETITIONS BOARD OF SUPERVISORS

The Centerville Chamber of Commerce, at a luncheon meeting held Wednesday at California Inn, added its endorsement to a petition signed by the home owners in the Hansen Tract, requesting the Board of Supervisors to take over the maintenance of Pine street.

The street, which runs perpendicular to Thornton avenue through the new tract of homes, has a thin coat of gravel and is in poor condition. Supervisor Chester E. Stanley, at a recent meeting of the Chamber, recommended the petitioning of the board by the home owners.

CENTERVILLE CALLS FOR SCHOOL BIDS

The Board of Trustees of Centerville Elementary School this week advertised for bids for the construction of four new classrooms for the plant.

Residents of the district recently voted and sold \$58,000 in bonds and this, combined with an appropriation received from the state, will cover the cost of construction of the classrooms and the purchase of additional land for a school yard.

Judge Allen G. Norris, member of the Board of Trustees, said this week that the sealed bids of contractors will be opened at a meeting set for July 7.

GRAMMAR SCHOOLS SIGN PRINCIPALS

With the signing of Miss Isabel Moseley as principal of the Warm Springs Elementary School last week, all nine of the elementary schools in the township now have principals under contract for the 1948-49 school year.

Miss Moseley has instructed in the Stony Brook school, off Niles Canyon, for the past 16 years and accepted the new position after it was announced that the Stony Brook school would be consolidated with the Palomares School near Hayward next year.

The principals and the schools they will head next year are: Alvarado, L. H. Maffey; Alviso, James Niles; Centerville, Tom Maloney; Decoto, L. W. Musick; Irvington, Gus Robertson; Newark, J. I. MacGregor; Niles, E. Dixon Bristow; Mission San Jose, N. E. Click; and Warm Springs, Miss Moseley.

MINOR INJURIES FOR PILOT IN CRASH AT WARM SPRINGS

Allan Nelson, Los Angeles, a former flying school operator at Hayward Airport, escaped with minor cuts and bruises Tuesday when his light airplane crashed and burned on the Warm Springs Airport.

Nelson told officers that he had flown the plane to the Warm Springs field from Hayward to test a new engine. The engine failed on the take-off and the plane burst into flames about 10 feet above the runway. Nelson brought the plane back into the field but when he saw that he could not avoid crashing into a fence bordering the field, he leaped from the cockpit onto the wing and rolled to the ground. The plane, valued at approximately \$4,000, crashed into the fence and burned.

Stunned from the jolt received from leaping from the plane, Nelson was picked up by a passing motorist who had witnessed the crash, and was taken to an Irvington physician for treatment.

Flames from the burning plane threatened a 90-acre grain field until extinguished by the local fire department.

DINNER MEET FOR IRVINGTON C. OF C.

The ladies of the members of the Irvington Chamber of Commerce will be honored guests at a dinner meeting to be held Saturday evening at Maple Hall.

Tony Callahan, operator of the hall, was introduced as a new member of the Chamber at the luncheon meeting Tuesday at Roethlin's Cafe, and volunteered the use of the hall free of charge to the civic organization.

Walter Roethlin, chairman of the arrangements committee, told the group that the dinner would be held at 8 p.m. and promised a full evening of entertainment and dancing. The special meeting was called for the convenience of those members who are unable to attend the luncheon meetings.

LAND OWNERSHIP CONTROVERSY AT CHAMBER MEETING

The proposition of the county owning 20 feet of property between the sidewalks and front steps of the yards of the new homes in the Lindsay Gardens in Newark, got a thorough airing Tuesday evening at a meeting of the Newark Chamber of Commerce.

On hand to offer his criticism of the Chamber's recommendation to the Board of Supervisors that it abandon no roads or take any action narrowing the streets in the town, was Bill Kelly, a home owner in the tract.

Kelly said he represented about 80 per cent of the home owners in the tract who had petitioned the county supervisors that the land be abandoned. He expressed concern over the fact that the Chamber had taken action to the contrary.

President Ray Truscott, who presided over the meeting, told Kelly that if it was the desire of the home owners in the tract, a special meeting of the Chamber could be called to which they would be invited to attend for a further discussion of the controversy.

Joseph Pashote gave a report on the meeting of the Water Committee of the Chamber with the Board of the Alameda County Water District in Centerville recently. He said that the committee may take up the matter of increase of the water flow in the community with the San Francisco Water Company.

GRASS FIRE IN DECOTO

The Decoto Fire Department was called out last Sunday to a grass fire near Fifth and Sixth streets, that threatened the homes in the surrounding area. The fire was quickly extinguished through the gallant efforts of the firemen.

ALAMEDAS ATTEND 12TH GRADUATION

LAST OF FAMILY RECEIVES DIPLOMAS

Many parents of Washington Township sat in Memorial Stadium at Washington Union High School last night and enjoyed the thrill for the first time of watching their son or daughter graduate, but not so with Mr. and Mrs. A. E. Alameda of Irvington.

To the Alamedas it is old business, for they have been present for 12 consecutive graduation exercises where their children were among the graduates.

Started at Irvington. It all began in Irvington Elementary School where Doris, Stanley, Shirley, Harold, Melford and Irving received their diplomas in that order. Before the last of the family was through Irvington, Mr. and Mrs. Alameda were attending exercises at Washington Union High School, where they were witnessing their eldest sons and daughters completing their high school education.

CALL MEETING OF TOMATO GROWERS

A special meeting of the tomato growers section of the Washington-Eden Farm Center has been called for Monday at 8:30 p.m. in the cafeteria of Washington Union High School.

Joe M. Rose, Pleasanton, chairman of the tomato growers, has called the meeting and urged all growers to be present.

Newt Robinson, chairman of the State Tomato Growers' Association, will be the speaker of the evening and will give the facts on what is expected in the way of crops and prices throughout the state.

RENEW PROCESSING AT HOLLY PLANT

The Holly Sugar Company's plant at Alvarado, shut down for one week because of the shortage of sugar beets being shipped here from the Imperial Valley, began slicing beets again last Friday morning.

J. A. Ratekin, plant superintendent, said early this week that the tonnage of beets arriving here from the valley is still far from normal and blamed the lateness of the season for the fact that the beets are not yet fully matured. He predicted that growers would begin their harvest at about the same time, just before the hot weather hits, and the local plant will be "swamped." He added that the company's new processing plant in that part of the state has reduced the amount of beets that must be sent here, thus making it impossible to estimate the tonnage of beets that could be expected here during the spring run.

The local beets are not ready for processing until fall and are what the company terms its second run.

EMPLOYMENT OF NON-UNION MEN PROTESTED HERE

Washington Township broke out with a rash of union picketing this week.

Early Tuesday A. F. of L. Cannery Workers Local 785, Hayward, sent two pickets to the strawberry farm of Don Driscoll on the Irvington-Centerville highway, where they tacked up their signs and began their march. The secondary boycott was in protest of Driscoll selling his berries to a San Jose cannery, which is being picketed because it does not employ union labor. Bill Johnson, picket captain here, said Wednesday that additional pickets would be sent here to march at the other berry field operated by Driscoll. The pickers remained in the field throughout the week and non-union truck drivers continued to haul away the berries.

Thursday morning a representative of the Meat Cutters Union, A. F. of L., Oakland, arrived in Niles and took his place in front of Berchem's Quality Meat Market on First street, in protest of the employment of non-union meat cutters. An early settlement was reached, however, and the picket was gone by mid-afternoon.

Y.M.I. INITIATES 14 NEW MEMBERS

The members of Lady of Fatima Council, Y.M.I., Mission San Jose, met at the I.D.E.S. Hall in the Mission Wednesday evening and initiated 14 new members, the last group that can be taken into the organization as charter members.

The candidates were initiated by a team from San Jose Council No. 2 and were as follows: Pete Maciel, Newark, Manuel Phillips, Mission San Jose, Joe Perry, Centerville, Virgil Campagna, Mission San Jose, Edward Azevedo, Mission San Jose, Carmel Schramm, Irvington, Clarence Harvey, Irvington, Antone Abreu, Mission San Jose, Philbert Silva, Irvington, Anthony Silva, Alvarado, and George Silveira, Centerville.

Edward L. Rose, president, said yesterday that the new members now brings the membership total to 70 for the recently formed council.

Named as delegates to attend the state Y.M.I. convention in Stockton July 10 to 15, were Rose and Leonard Telles. The group also voted to enter a float in the parade at the convention and Anthony Silva and Clifford Rogers were named to head that committee.

It was also revealed that the council plans the sponsorship of a drum corps to participate in parades and celebrations in this section of the state and a dance is to be held in the near future in order to help defray the expense of uniforms and equipment.

Washington High School Graduates 125 Students

One hundred and twenty-five students of Washington Union High School, the members of the Class of 1948, received their diplomas last night at graduation exercises at Memorial Stadium, marking the close of the 1947-48 school term.

The ceremony, held for the first time under the lights of the stadium, was impressive and beautiful.

The exercises opened with an overture and the processional, played by the high school band under the direction of Dwight Thornburg, as the graduates in their caps and gowns marched across the field and took their places.

SPECIAL AWARDS

The graduates then led the audience in the Pledge of Allegiance and "The Star Spangled Banner." The invocation was given by Rev. Donald Kirkbride, pastor of Niles Congregational Church.

S. G. Scott, member of the Board of Trustees, presented Diana Crossman with a four-year scholarship in the California Scholarship Federation.

Pictures of the members of the graduating class may be found on pages 5 and 6.

eration and Judge E. A. Quaresma, also a member of the Board of Trustees, presented the perfect attendance awards as follows: Four years—Alden Christensen, James Duarte Jr., Phillip Ensico Jr., Virginia Lawrence, Marilyn Meneze, Rosalind Rogers, and Mary Senn. Three years—Cherrie Davis; two years—Nancy Baba, Jacqueline Biale, Louise Gomes, Michiko Kamiji, David Leask, and Mary Perry; final year—Louis Milani, Joseph Salvador, and Helen Soares.

ADDRESSED BY STUDENTS

Addresses were delivered by Marvin Peixoto, president of the Senior Class, and Diana Crossman, speaking on the topic, "Report to Our Parents."

The presentation of the Class of 1948 was made by J. V. Gool, district superintendent and school principal, and the presentation of diplomas was made by A. E. Alameda, president of the Board of Trustees. The ceremonies closed with selections by the glee club, benediction, and the recessional.

CALL JURY TRIAL AT CENTERVILLE

A trial by jury has been set for July 2 at Centerville Justice Court, which, if it goes off as scheduled, will be the first in many years.

Defendant in the case is Joe Furtado, 25, 832 Fifth street, Hayward, who is charged with disturbing the peace. Furtado was arrested on June 6 at the Newark Pavilion and is free on \$50 bail.

When he appeared before Judge Allen G. Norris for arraignment last Friday, Furtado entered a plea of not guilty. Asked if he wanted a court trial or jury trial, the defendant asked who bore the cost of the jurors. Told that the county paid the expense, he demanded a trial by jury.

MISS ROSE ANNE FONG RECEIVES DEGREE

Among those who received degrees last night at the graduation exercises of the California Chiropractic College in Oakland was Miss Rose Anne Fong, formerly of Niles and the daughter of the late Mr. and Mrs. Fong Yick.

Miss Fong is a graduate of Niles Elementary School and Washington Union High School. She intends to locate in the east bay area to practice following a summer's vacation.

At that time Irving Alameda, captain of this year's team and who was never defeated in any game he pitched the four years in school, will be presented with a trophy by the Lions Club for his being named the outstanding player of the year.

NILES CHAMBER STARTS TRAFFIC SAFETY CAMPAIGN

In a drive for greater traffic safety on the streets of Niles, the Niles Chamber of Commerce at its regular Tuesday luncheon meeting voted to constitute itself as a committee to observe and report violations of traffic laws.

Action by the Chamber followed a statement by George Bonde that a great many residents of the town are complaining about the dangerous speed of cars, buses and trucks on Main street. It was also pointed out that traffic moves too fast at the intersections on Second street.

Procedure of the Chamber will be as follows:

Members will watch for and report to Secretary Vernon Ellsworth instances of traffic violations, giving car license number and, wherever possible, the name of the driver.

OFFICERS WILL HELP

The secretary will write the violator advising him of the nature of his violation.

After being observed to violate traffic regulations a second time, the license number and name of the driver will be communicated to the Department of Motor Vehicles. The Hayward office of the department has indicated that it will give full cooperation to the Chamber in its safety effort.

ENDORSE RESOLUTION

The Chamber voted endorsement of a resolution proposed by the Land Development Committee of Alameda County, to the effect that the county surveyor's office be authorized to make a study of drainage and water conservation needs of Southern Alameda county.

President John Brahmst announced that on July 6 the various Chambers of Commerce of Washington Township will be hosts to the Associated Chambers of Commerce of Alameda County at a dinner meeting at the International Kitchen.

RESURFACE PARKING LOT

Workmen this week completed the resurfacing of the entire parking lot at Washington Union High School.

NEWS from Walt

See the dream house in the Ellsworth Tract Sunday. Furnished by the Niles Furniture Company.

This is an age of color! It is tremendously important in today's decorating and easy to have if you consider it as fundamental when making the background to suit the type of room.

Type, background and color are a unit. The three large areas of color in any room are the walls, draperies and floor covering. They must be considered in relation to each other or your room will be a hodge-podge.

Be sure to see this home Sunday and see how proper decorating makes a home.

DECOTO TEAM WILL PLAY ROAD GAMES

For lack of a diamond the Marlo baseball team of Decoto will be forced to play all of its summer games on the fields of its opponents, Al Ferreira, manager, stated this week.

The team had been playing on the Decoto Elementary School field and had built up a sizeable following of fans, but the smallness of the field, combined with other minor details, has made it impossible to continue using the field.

The Decoto Chamber of Commerce last year pledged to locate a community ball field for the various teams, but as yet has been unable to complete any arrangements.

The Marlo team, idle last week-end because of a schedule mix-up, will journey to Ashland Sunday to play the Carpenter's Union team in an 11:30 a.m. game.

STADIUM MAY HAVE NEW SCOREBOARD

The probability that an electric scoreboard will be installed at Memorial Stadium at Washington Union High School before the opening of the football season next fall was revealed this week by Warren Gravestock, principal at the school.

Gravestock said that the graduating class of the school had donated about \$60 into a fund for the scoreboard and the Student Council voted to contribute approximately \$400 to cover the remainder of the cost. He said that it is contemplating purchasing a modern type board which will give all the spectators the score, quarter, downs, and time elapsed in each quarter.

There are three zones in Chile, the arid northern area, the agricultural zone in the center, and the forest zone in the south.

STEELERS RETAIN PERFECT RECORD TO LEAD LEAGUE

The past week's play in the Washington Township Softball Association saw little change in the standings of the six teams in the two leagues with Pacific States Steel maintaining perfect record of six wins against no losses at the top of the National. Mission Firemen clung to their top spot in the American League with 5 victories against 1 loss.

Wednesday evening saw Kraftile, playing with a revamped lineup, win its first victory of the season at the expense of L & V Farm Sales.

Tuesday evening's double-header resulted in shutouts for Pacific States Steel over Wedgewood and Mission Firemen over Central Chevrolet.

With the first half of the season past there are now but 13 evenings of play remaining for both leagues before the close of the season and the league playoffs.

IRVINGTON CLUB DOWNS NILES 9-1

The Irvington baseball team scored an easy win over the Niles club in a game played Sunday on the Irvington Elementary School diamond, with Manager Frank Mayer's team on the top half of a 9 to 1 score.

J. Garcia, Irvington hurler, held Manager Tom Pugmire's aggregation scoreless until the eighth inning, while his teammates rapped Junior Holderfield for 13 hits. Besides being credited with a pitching victory, Garcia added his bit by knocking out four hits and scoring two runs in five trips to the plate. First Baseman Roderick banged an out of the park homer for the Irvington club.

At the conclusion of the game the players were the guests of Frank Castro at Our Place near Mission San Jose, where they were served a barbecue dinner.

This Sunday the Irvington club will journey to Petaluma for a game with the merchants of that community.

JR. LEGION CLUB SPLITS TWO GAMES

The Junior Legion baseball team of Washington Post, split its week-end games, winning over Dimond Post No. 479 Saturday 8 to 4, but bowing in defeat Sunday to Albany Post No. 292 by a score of 11 to 1.

Bramwell hurled a 6-hit nine innings for Coach Hird's team on the home field Saturday while his team mates banged out nine hits, led by Catcher Pagan, who in four trips to the plate got two hits and scored three runs.

In Sunday's game the local lads came near getting shut out with Pitcher Castell giving up the only hit of the game in the seventh inning when Fernandez slammed out a grounder that took a bad hop.

Saturday afternoon the Junior Legionnaires will be hosts to Piedmont in a nine inning game slated for 2:30 p.m. at the Washington diamond. Sunday they will make the trip to Oakland to play Oakland Post No. 5 at 12:30 p.m.

Having purchased an interest in the Irvington Dime & Dollar Store, we are taking this opportunity to thank our many friends for the business and friendship you have given us while in business here in Newark.

We are sorry to leave here, but our store space makes it impossible to do the volume of business and handle a stock such as we have in Irvington where we can serve a large part of Washington Township.

We have taken over space formerly occupied by the Irvington Post Office and in addition to the thousands of items carried, we will carry a dry goods line that will be a credit to the entire township.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg retire from her housekeeping position at St. Joseph's Church over a year ago because of poor health, has greatly improved and will be a familiar figure in our little village as she is returning on Saturday to her former work here.

FATHER LEAL ON RETREAT

Father John A. Leal is away on retreat this week and Reverend Reardon has charge of the church affairs while he is away. We also hear that Mrs. Anna McGovern, who had to

PURCHASE DAIRY

Were we glad to hear that we are not losing entirely one family of our townspeople for even though they are moving from our town they are only going as far as Irvington. Mr. and Mrs. Joe Rocha and son, Joe Jr., who have run their dairy here in the Mission for six years at the Witherly Ranch, had to find another place to move their herd when Mr. Witherly sold his ranch to Mr. Huddleston of Oakland last year. Joe has been on the lookout for a suitable place ever since and thought for a time that he was going to have to sell his herd, but luck was with him and he informs your correspondent that they have purchased the Mozetti Dairy along with 52 head more dairy stock to add to their 90 head here at the ranch. The

best of luck, Joe, to a steady fellow.

ARRIVE FOR VISIT

Mrs. Betty Mucabay and daughter, Margaret, and son, Billie, of Dallas, Texas, have arrived again in the Mission to spend the summer at the Mission Hereford Ranch where Betty spent her childhood. She is the daughter of Mrs. Margaret Bunting, owner of the ranch. Glad to see you back again.

PLAN ACTIVITIES

Another really swell social night with 46 present is finished and the young folks of the Youth Center of Mission and their invited guests credit themselves with having a very good time. On Saturday evening they met at the I.D.E.S. Hall here in town and to the music of the victrola so generously donated by Mrs. Helen Russell of Irvington, they dance away the hours under the direction of Mr. and Mrs. Tom Cunha, Mrs. Ruth Santos and Mrs. Bottenberg. Four of the mothers donated cake and during the evening these were served along with soft drinks. This was a climax of a very busy week of decorating, cleaning and polishing on the "Surrey with the fringe on top" that Miss Abbie Sunderer gave the youth center, the use of, for their entry in the Livermore Parade last Saturday. Donald Meyer, Ann Untiedt, Laura Medeiros, Regina Schneider and Georgia Laughlin were on the committee and, after many disappointments which nearly made them lose out on going to the parade at all, they were off in a cloud of dust amid the shouts of the rest on Saturday morning, bound for the Rodeo. Mr. and Mrs. Virgil Campagna very generously drove their truck and trailer to the grounds with the surrey and the committee and a few more riding along with it. The trailer contained Old Dobbin which the committee talked St. Mary of the Palms out

How skilled miners make dynamite behave ...shaping P.G. and E. tunnels

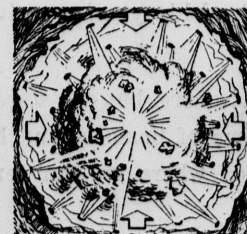

Have you ever wondered how engineers can blast tunnels through granite with almost pin-point accuracy? Here briefly, is how it's being done in two new P. G. and E. tunnels on the Feather River which soon will help turn out 270,000 new electrical

horsepower. With a drilling platform, called a Jumbo, miners drill a special pattern of holes, 12 ft. deep, into which charges of dynamite are packed. Drilling usually takes 4 hours, preparing charges another ½ hour... then they're ready to blast.

Here's a diagram of a typical pattern. Experienced engineers can predict almost exactly what will happen. All the dynamite does not explode at once. Actually, there are 10 separate explosions in a fraction of a second.

The first blast removes the core... the others shape the sides, top and bottom. It's exciting work, going full speed ahead as P. G. and E. rushes America's biggest power-building program... to meet California's needs.

For the record
This "mucking" machine removes broken granite at a rate of 60 tons an hour.
Blowers suck blast smoke from the tunnel. Miners usually can be back at work in 30 minutes.
These tunnels are part of a huge P.G. and E. construction program which will add nearly 2 million horsepower!

Work never stops on our power-building program

DECOTO CHAMBER CHALLENGES NILES

The Decoto Chamber of Commerce, at its meeting last week in the fire house, turned briefly from the weighty problems of the community to discuss something always interesting at this time of year—softball.

It was voted to challenge the Niles Junior Chamber of Commerce to a softball game, and Secretary Bernie Joseph was instructed to arrange the duel with the Niles secretary, Vernon Ellsworth.

The chamber voted to incorporate, which matter will be handled by Judge E. A. Quaresma. It was decided that, at some future date, the group would visit the county prison farm at Santa Rita.

'ANNIE' TO PLAY AT OPERA HOUSE

It is announced that "Annie Get Your Gun," the big Irving Berlin musical starring the lovely Mary Martin, will extend its engagement one week, with the run positively ending Saturday night, June 26. Immediately thereafter the colorful and exciting spectacle will board a special train for Chicago, where it will resume its record-breaking run that had to be interrupted to bring the show to San Francisco as the second event of the Civic Light Opera season.

"Annie Get Your Gun" is a must on every playgoer's list. It has scored a triumph in California as it did in New York and other cities, in all of which it has smashed box office records. "Annie" is a huge spectacle in every sense of the word. There are nine scenes and twenty-two musical numbers. A cast of more than 100 singers, dancers and actors assist in its story, which concerns the adventures of Annie Oakley, the world renowned sharpshooter who helped to make Buffalo Bill's Wild West show famous.

Irving Berlin has furnished the score with a dozen hits including "The Girl That I Marry," "Do!n' What Comes Naturally," "You Can't Get a Man With a Gun" and many others. Popular matinees are given Wednesday and Saturday but there are no Sunday performances.

THE SAFEST PLACE TO WORK

How busy telephone people kept accident rate low in communications industry

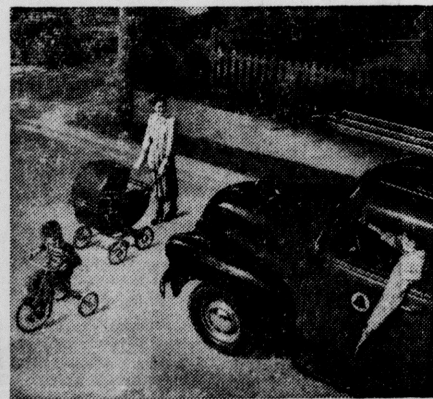

2. The pike-pole test makes sure the pole is safe to climb—before a man goes up. In 1947 rules like this made ours the safest of all Council industries with 3.33 disabling injuries per million man-hours. That's five times better than average. Pacific Telephone's score of 2.76 was better still.

Telephone jobs must be good jobs to attract the capable people needed to furnish good service. Good pay, steady work and an employee benefit plan give a strong sense of security. Comfortable surroundings, vacations and friendly fellow workers help make work pleasant.

1. "Learn it the safe way," instructors tell new telephone men. This man is learning to use a screwdriver so the point can't hit any part of his body. Every detail is important in building a safety record that is tops in the National Safety Council's 1947 study.

3. On the road...as on the job...safety for others and for themselves comes first with Pacific Telephone people. All work with their famed safety motto in mind: "No job is so important and no service is so urgent that we cannot take time to perform our work safely."

Home After Month in East

Returning home recently after a glorious month's vacation in the east were Mr. and Mrs. M. E. Lisle (the former Lorraine Silva) and his mother, Mrs. Louise Lisle, and Mrs. Clarice Pizer of Hayward.

The four traveled through nine states to attend the 500-mile auto races at Indianapolis. They also visited friends and relatives while there. In spite of the good time they had, however, they feel that there's "no place like home."

Lorraine Lisle is employed at Kraftite, and her husband at Pacific States Steel.

From Santa Barbara

Arriving tomorrow for a week's visit in Northern California are Dr. and Mrs. John Rathbone and baby from Santa Barbara. They will leave the baby with Mrs. Rathbone's parents, Mr. and Mrs. Leon Solon, and then will spend the remainder of the week in Monterey, attending a convention.

Centerville Girl is Notre Dame Graduate

In honor of Miss Antoinette Pimental, who was graduated last Saturday afternoon from Notre Dame High School in San Jose, her mother, Mrs. George Pimental of Centerville, held open-house at their home after the graduation, to which more than 60 friends were invited. Antoinette, an honor student, receiving two awards—in bookkeeping and typing—and also her block ND for basketball.

The Pimental home was decorated throughout in blue and white, the school colors. Punch, sandwiches and cake were served to the young graduate's friends who came to extend their felicitations. Among those from out of town who were present were her grandmother, Mrs. Mary Martin of San Diego, and her aunt, Mrs. Evelyn Ruggles and daughter Sharon, also of San Diego.

Now that her school days are behind her, Antoinette will take up a business career, having been employed by Dr. E. M. Grimmer Jr. in his office at Centerville. She will start to work next Monday.

Her brother, George, who is graduating from the Centerville elementary school this week, will be enrolled as a student at Bellarmine in San Jose next fall.

He taught for five years at the Lincoln school at Columbia, taught for two summers at Nebraska University, acted as supervisor of art of Stockton elementary schools. He has had an illustrious career as an educator, and his doctorate comes as no surprise to his many friends who have always held high hopes for the man who spent his boyhood in Niles.

Following commencement exercises, Mrs. Mitte and nine other relatives and friends of Dr. Green, were the guests of his wife at a dinner party at the Villa Chartier celebrating the occasion. Mrs. Green, also an educator, is presently teaching in a junior college.

PRE-NUPTIAL ENTERTAINING FOR PAT MOHN WHO WILL BE MARRIED SUNDAY

Pat Mohn, who will become the bride of Carl Pierce at ceremonies to be performed at the Niles Congregational Church this Sunday, has been in a whirl of pre-nuptial entertainment given in her honor.

Last Friday evening she was the honoree at a shower given for her by Mrs. E. D. Meeker, to which were invited the self-styled "neighborhood gang" including Mmes. Al Gwythers, Carl Mohn, Reginald Calhoun, Mae Moore, G. D. Maphet, Grady Denton, George Rose, Tom Kerns, William Estudillo, Ernest Matthews, Henry Hibner, and Pat's mother, Mrs. Lorin Mohn. The flower arrangements and table decorations were all in white.

Last Tuesday evening the bride-

elect's mother was hostess at a dinner party for the bridal party. Pastel-colored sweet peas and white candles provided the centerpiece for the attractively-set table. Individual cup-cakes, each with a fortune inside, and decorated in pink and white, furnished considerable amusement for the guests.

Assisting Mrs. Mohn in the preparations and serving were Mrs. Carl Mohn and Mrs. Howard Mohn. The guests were the Reverend Donald Kirkbride, who will perform the ceremony, Patricia Owen, Beverly Bennett, Barbara Re, Greta Mohn, Ruth Pierce, Lorraine McLain, Milton Mohn, Lorin J. Mohn, Wayne Davis, Mr. and Mrs. Luther Hudson, Mr. Lorin Mohn, Mrs. G. G. McLain, and Edward Brazil.

Bateman, all localities, and Mr. and Mrs. Bob Horn of Oakland, and Mr. and Mrs. Ben Hawes, formerly of Centerville, but now of San Jose.

Surprise Shower

Mrs. Clifford Rogers was hostess to the members of the Past Presidents Club of the St. Jude Institute, Y.L.I., of Irvington, at her home in Newark Tuesday evening. The members gave Mrs. Rogers a surprise when they arrived laden with gifts, turning the meeting into a Stork Shower.

Mrs. Murray Returns to Niles

Mrs. Emma Murray of Niles, who has been in a hospital and rest home for several weeks, has now returned home and is able to be up and around again. She will not be able to return to the library for a while, however, as her strength does not permit walking any farther than from room to room. SMALL TOWNS

It could happen only in a small town—
George Barker, an old man of Niles in his eighties, returned from the hospital last week. His friends, wanting to do more than just extend well wishes, sent out a letter asking that money be contributed to buy the old man a hearing aid.

Many people in the town who received the letter didn't even know the white-haired octogenarian, but they responded—and to such an extent that Mr. Barker was deeply touched.

He came in the office here to let us know how grateful he is to his townspeople.

As I say—it could only happen in a small town. A small town is quick to ensure one of its towns-folks, but, on the other hand, it is even quicker in lending a helping or neighboring hand when someone needs it. I like small towns.

IS HE REAL?

Those who were in Niles Wednesday and passed by the windows of the Niles Furniture Company were rubbing their eyes as if they couldn't believe what they'd seen. Was the strange creature in the window a real man, or just a mechanical man?

One man lost a bet on it. He bet that the fellow was made of wood and steel. Actually, several people were fooled. Walter Chrysler says that the strange fellow will make a return visit here one of these days.

Kirkbride will speak on "The Giant, The Ruler, and You."

The service marks the end of the Church School year and the beginning of summer vacation for the church. Several of the young people will leave June 26 for Congregational Cazadero on the Russian River for a week of camping. The church will resume service August 1.

ADAMS TO DISPLAY NEW FORD CARS

The new 1949 Ford cars will be on display today, Saturday and Sunday for the first time at Joe Adams' garage in Centerville.

Adams said yesterday that he will have several models of the new cars for display here and invited the public to visit his showroom for a look at the revolutionary changes in the latest models.

The distinctive styling of the '49 Fords feature smooth, flowing contours, full fender-width body and luxurious interior appointments. The lines are accentuated by the simplicity of the air-scoop grille which affords fresh air for the pressurized ventilation system.

PICTURE WINDOWS
The windshield has been increased in height and width and the rear window provides "picture window" visibility for driver and passengers. The rear window is larger than the ordinary windshield. There is as much as 20 square feet of windows in the new cars.

Interior styling is colorful and practical. Traditional, neutral-toned automobile fabrics have been discarded for the new tweeds, broadcloths and mohairs which retain the ability to absorb hard family usage.

FLYING

The Center Field Pilots held a dinner dance at Hidden Valley Saturday evening and it was voted a big success by all who attended. There were fifty present, including guest flyers from the Hayward and Oakland Airports. The program included several awards won by local flyers during the past year. Neils Neilsen won the Dilbert Trophy for superior navigation and a remarkable ability for getting lost. Ruth Higuera was presented with her A.O.P.A. wings, a national pilots' organization. Peter De Trant was chairman of the program and Dr. Tom Wilson acted as master of ceremonies.

The local flyers are making plans for a joint barbecue with the Women Flyers of America Chapter at Palo Alto. The date has not been set but it sounds intriguing. Getting the joints is the next problem.

Sunday afternoon five ships flew to Half Moon Bay where the flyers enjoyed a sea food dinner and then flew to Santa Cruz and home. Among those who made the flight were Mr. and Mrs. Joe McNerny, Mr. and Mrs. Frank Cardoza and daughter, Mr. and Mrs. Clyde Higuera and daughter, Dr. and Mrs. Tom Wilson and Mr. and Mrs. Pete De Trant and daughter.

REBEKAH NEWS

The members of Necona Theta Rho Club will meet in regular session Monday evening, June 21, at Odd Fellows Hall, Irvington, at 8 o'clock, according to Joan Pereria, president.

HENRY R. SILVA TAKEN BY DEATH
Henry R. Silva, 78, Centerville, died in a Hayward hospital Wednesday after a lingering illness.

He was a retired farmer and the husband of the late Rosie Fontes Silva; father of Lawrence Leonard and Henry Frederick Silva of Hayward and Emile Jibson of Oakland. He is also survived by five grandchildren and one great-grandchild.

Funeral services will be held Saturday at 8:30 a.m. from the parlors of the Chapel of the Palms, Centerville, followed by a requiem mass at Holy Ghost Church at 9 a.m. A rosary service will be held at the parlor at 8 p.m. tonight (Friday).

JOAN BERNEY, ROGER HALLIDAY HONORED

Joan Berney and Roger Halliday, members of the graduating class of Washington Union High School, were honored by their classmates at a special assembly Monday when they were named the outstanding members of the Class of 1948.

Selection for the awards was based on citizenship, leadership, scholastic standing and student activities. The faculty members selected the top ten boys and girls on a scholastic standing and the student body voted on the final selection.

The awards of wrist watches were donated by Edgar Van Scoy, Centerville jeweler.

Joan is the daughter of Mr. and Mrs. John L. Berney of Centerville, is 17 years old, and this year served as president of the Girls' League. She served as chairman of the Ways and Means committee of that organization during the 1946-47 term.

TIME CLASSES CLOSES

Completing their fourth year in a highly successful release time religious educational program, the Protestant release time classes of the Irvington school held their closing exercises last week at the Irvington Community Church.

Following the program, a part of which was an interesting display of workbooks made during the year, refreshments were served. About a hundred children were present.

Those who have faithfully carried out the program during the year were Mrs. R. A. Griffin, Mrs. Carl Christensen, and Mrs. George Beardsley, who worked tirelessly in creating enthusiasm and in teaching the young people. The classes will reopen when school starts in September.
